

The 4th International Conference on MEXT Project of Integrated Research on Chemical Synthesis

ICOMC 2014 Pre-symposium in Kyoto

Synthetic Approaches to New Chemical Functions

July 10 and 11, 2014
(13:00-) (-16:00)

Uji Obaku Plaza, Kyoto University

Free to attend

Advanced registration
by e-mail is requested.

Invited lectures only

MEXT Project
of Integrated Research
on Chemical Synthesis,
2010-2016

Invited Lecturers (in alphabetical order)

Holger Braunschweig (Würzburg, Germany)

Gerhard Erker (Münster, Germany)

Michael D. Fryzuk (British Columbia, Canada)

Takao Ikariya (TIT, Japan)

Shinya Koshihara (TIT, Japan)

Werner Paulus (Montpellier, France)

Derek C. Sinclair (Sheffield, UK)

Contact: F. Ozawa and N. Ikeda (ICR, Kyoto University)

E-mail: genso@scl.kyoto-u.ac.jp Phone: +81-774-38-3035

Access Information: http://www.uji.kyoto-u.ac.jp/english/access_e.html

Organized by MEXT Project of Integrated Research on Chemical Synthesis

Supported by Joint Usage/Research Center of Institute for Chemical Research (ICR), Kyoto University
